# Directors' Report

For the half-year ended 31 December 2016

Your directors submit the financial report of the consolidated entity for the half-year ended 31 December 2016.

## Directors

The names of directors who held office during or since the end of the half-year and until the date of this report are as below. Directors were in office for this entire period unless otherwise stated.

Peter Unsworth	Non-Executive Chairman
Michael Jones	Managing Director
Paul Ingram	Non-Executive Director
Markus Elsasser	Non-Executive Director
Felicity Gooding	Non-Executive Director

## Principal Activities

The principal activity of the Group during the financial year was exploration for deposits of uranium, nickel, gold, copper and platinum group elements.

## Review of Operations

### **Commonwealth Gold-Silver-Base Metal Project, N.S.W (Impact 100%)**

The Commonwealth Project comprises three 100% owned exploration licences that cover about 315 sq km of the highly prospective Lachlan Fold Belt about 100 km north of Orange in NSW. The belt is host to many major gold-silver-copper mines including the Cadia-Ridgeway deposits that contain at least 25 million ounces of gold and 5 million tonnes of copper.

There have been significant discoveries of gold and silver mineralisation in four drill holes at the Silica Hill Prospect. Mineralisation has been intersected over an area of 200 metres by 100 metres down to 100 metres below surface and with an average true thickness of about 50 metres. Grade is increasing at depth and the mineralisation is open in all directions.

The mineralisation comprises disseminated sulphide, veins and semi-massive sulphide veins and is zoned with an upper silver-rich part containing extensive visible silver minerals and a lower gold-rich part with lesser variable amounts of zinc, lead, copper and pathfinder sulphide minerals throughout.

The veins commonly contain high to very high grades of gold and in particular silver. For example Hole CMIPT046 has returned 30 individual assays of varying widths of between 2 g/t and 24 g/t gold and 12 individual assays with more than 500 g/t silver. Hole CMIPT011 has returned two veins with 3,146 g/t silver (0.9 metres thick) and 3,600 g/t silver (0.15 m thick).

There has been further success with recent follow up drilling at Silica Hill with mineralisation extended by up to 50 metres down dip/plunge. Disseminated and narrow veins and stockworks of sulphide with silver and base metal mineralisation variably developed over 60 metres to 70 metres true thickness. Deeper extensions to the mineralisation are to be tested in 2017.

### **Broken Hill Project, N.S.W. (Impact 100%)**

The Broken Hill project comprises two granted exploration licences (EL7390 and EL8234) and two exploration licence applications (ELA5793 and ELA5265) that cover 517 square kilometres of rocks prospective for two distinct styles of mineralisation:

- Nickel-copper-PGE associated with ultramafic rocks; and
- Zinc-lead-silver in "Broken Hill-style" deposits hosted mostly by metasedimentary rocks and amphibolites.

A petrographic study was completed in late 2016 on rock chip samples from new tenements and work confirms the prospectivity for base and precious metals.

### **Mulga Tank Project, W.A. (Impact 100%)**

Impact owns 100% of 13 exploration licences that cover 425 sq km of the highly prospective Minigwal greenstone belt, 200 km east of Kalgoorlie in the emerging mineral province of the south east Yilgarn Block, Western Australia.

High tenor nickel and copper sulphides at the Mulga Tank Dunitite were discovered by Impact in its maiden drill programme in 2013. In 2015 Impact completed an airborne magnetic and radiometric survey over the entire project area,

## Directors' Report

*For the half-year ended 31 December 2016*

---

an innovative combined airborne and ground electrical survey as well as a large soil geochemistry survey over key target areas. Interpretation is currently in progress of 2,500 soil sample results received.

All of this data will be used to identify specific targets for drilling. Impact was recently awarded a second grant of \$150,000 to drill its targets at the Mulga Tank Dunite as part of the WA State Governments Exploration Incentive Scheme. Impact now has \$300,000 of Government funding for a drill programme which is scheduled to start in mid-2017.

### **Financial Performance and Financial Position**

During the half-year the Group reported an operating profit after tax of \$115,782 (half-year to 31 December 2015: \$64,517).

As at 31 December 2016 the Group had net assets of \$12,004,488 (30 June 2016: \$11,689,939) including \$1,489,119 of cash and cash equivalents (30 June 2016: \$3,929,972).

### **Auditor's Declaration**

Section 307C of the Corporations Act 2001 requires our auditors, Bentleys, to provide the directors of the company with an Independence Declaration in relation to the review of the half-year financial report. This Independence Declaration is set out on page 3 and forms part of this directors' report for the half-year ended 31 December 2015.

This report is signed in accordance with a resolution of the Board of Directors.

**Peter Unsworth**

Chairman

Perth, 24 February 2017

To the Board of Directors

### **Auditor's Independence Declaration under Section 307C of the Corporations Act 2001**

As lead audit director for the review of the financial statements of Impact Minerals Limited for the half year ended 31 December 2016, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- the auditor independence requirements of the *Corporations Act 2001* in relation to the review; and
- any applicable code of professional conduct in relation to the review.

Yours faithfully

**BENTLEYS**  
**Chartered Accountants**

**MARK DELAURENTIS CA**  
**Director**

Dated at Perth this 24th day of February 2017

# Notes to Condensed Consolidated Financial Statements

For the half-year ended 31 December 2016

---

## NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Preparation

These general purpose financial statements for the interim half-year reporting period ended 31 December 2016 have been prepared in accordance with the requirements of the Corporations Act 2001 and Australian Accounting Standards including AASB 134: interim financial reporting.

This interim report is intended to provide users with an update on the latest annual financial statements of Impact Minerals Limited and its controlled entities (the consolidated entity). As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the consolidated entity. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the consolidated entity for the year ended 30 June 2016, together with any public announcements made during the half-year.

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements. The relevant amendments and their effects on the current period or prior periods are described below.

The accounting policies have been applied consistently throughout the consolidated entity for the purposes of preparation of these interim financial statements.

### Going Concern

The interim financial report has been prepared on the going concern basis, which contemplates the continuity of normal business activity and the realisation of assets and the settlement of liabilities in the ordinary course of business.

The Consolidated Group generated a profit for the period of \$115,782 (2015: \$64,517) and net cash outflows from operating activities of \$627,489 (2015: Cash inflows of \$341,351). As at 31 December 2016 the consolidated group had a cash balance of \$1,489,119 (2015: \$4,073,424).

The Group has a working capital surplus position of \$2,080,525 which excludes the convertible notes of \$1,798,543 (net of current transaction costs) on the basis the convertible notes are required to be settled in the Group's equity instruments as detailed in note 7.

The directors have prepared a cash flow forecast which indicates that the Consolidated Group will have sufficient cash flows to meet all commitments and working capital requirements for the 12 month period from the date of signing this financial report.

### ***New or revised standards and interpretations that are first effective in the current reporting period***

The Group has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to their operations and effective for the current half-year.

The adoption of the new and revised Standards and Interpretations have not had a material impact on this half-year financial report.

## NOTE 2: SEGMENT REPORTING

### Segment Information

#### Identification of reportable segments

The Company has identified its operating segments based on the internal reports that are reviewed and used by the Board of Directors in assessing performance and determining the allocation of resources.

The Company is managed primarily on the basis of its exploration and corporate activities. Operating segments are therefore determined on the same basis.

The results of Impact Group are reviewed as a separate operating segment by the Board of Directors.

**Notes to Condensed Consolidated Financial Statements***For the half-year ended 31 December 2016***NOTE 2: SEGMENT REPORTING (Continued)**

At the end of the reporting period	129,428,572	1,199,068	141,828,572	1,222,765

(a) No options were issued during the reporting period. The fair value of options is determined at grant date and is expensed over the vesting period for those options.

**NOTE 5: CONTINGENCIES**

There has been no change in contingent liabilities or assets since the annual reporting date.

**NOTE 6: FINANCIAL INSTRUMENTS**

The Group's financial instruments consist of trade and other receivables and trade and other payables. These financial instruments are measured at amortised costs, less any provision for non-recovery. The carrying amounts of the financial assets and liabilities approximate their fair value.

**NOTE 7: FINANCIAL LIABILITIES**

	31 December	30 June
	2016	2016
	\$	\$
Convertible notes	2,000,000	2,000,000
	2,000,000	2,000,000

2,000,000 convertible notes were issued to Squadron Resources Pty Ltd on 7 August 2015 at an issue price of \$1 per note. Each note entitles the holder to convert to one ordinary share. The notes are convertible in to ordinary shares of the Company at the lower of:

- 2.1 cents per share; and
- 80% of the volume weighted average sale price of shares sold on the ASX during the 30 consecutive business days prior to the date of the conversion notice.

Conversion may occur at any time between 7 August 2015 and 7 August 2018. The convertible notes do not carry interest and can only be redeemed through the issue of shares, except in remote circumstances that are not at the discretion of the note holder.

Included in other assets are transaction costs relating to the convertible notes and represent the fair value of the attaching 45,000,000 options issued which are convertible at 3.25 cents per option and deemed to have a fair value of 1.34 cents per option. These transaction costs are amortised over the life of the convertible notes.

**Notes to Condensed Consolidated Financial Statements***For the half-year ended 31 December 2016***NOTE 7: FINANCIAL LIABILITIES (Continued)**

## Director's Declaration

*For the half-year ended 31 December 2016*

---

The directors of the company declare that:

1. The financial statements and notes, as set out on pages 4 to 12 are in accordance with the *Corporations Act 2001*; including:
  - a. Complying with the Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements; and
  - b. give a true and fair view of the consolidated entity's financial position as at 31 December 2016 and of its performance for the half-year then ended; and
2. In the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is signed in accordance with a resolution of the Board of Directors.

## Independent Auditor's Review Report

### To the Members of Impact Minerals Limited

We have reviewed the accompanying half-year financial report of Impact Minerals Limited ("the Company") and Controlled Entities ("the Consolidated Entity") which comprises the condensed consolidated statement of financial position as at 31 December 2016, the condensed consolidated statement of profit or loss and other comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the half-year ended on that date, a statement of accounting policies, other selected explanatory notes and the directors' declaration of the Consolidated Entity, comprising the Company and the entities it controlled during the half-year.

### Directors Responsibility for the Half-Year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2016 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of the Consolidated Entity, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

# Independent Auditor's Review Report

To the Members of Impact Minerals Limited (Continued)

---

## Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.

## Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Impact Minerals Limited and Controlled Entities is not in accordance with the Corporations Act 2001 including:

- a. Giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2016 and of its performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134: Interim Financial Reporting and Corporations Regulations 2001.
